

Importing MatrixBrute Banks

Read Me

Bellow you will find instructions to import additional preset banks for Arturia MatrixBrute.

1. Content of the archive

- 1 Read Me.pdf file : current text file.
- 1 *[bank name].mbprojz* file : MatrixBrute project to transfer with the Arturia MIDI Control Center
 - NB : *[bank name]* stands for the actual name of the bank you downloaded.

2. Importing the sounds in your MatrixBrute

- MIDI Control Center installation:
 - Download the Arturia MIDI Control Center from this page: <https://www.arturia.com/products/matrixbrute/resources>
 - Launch the file and follow the different steps to get it installed on your computer
 - Launch the MIDI Control Center
- Transferring the presets:
 - In the product list (top-left corner) select the MatrixBrute
 - Connect your MatrixBrute to your computer
 - In the left part of the Matrix View, click on the "Import" button then "Import New Project"
 - Select the file *[bank name].mbprojz* This will create a new project named *[bank name]* in the vertical list on the left.
 - Select the new project *[bank name]*. This will display the related presets in the matrix aside the list.
 - Make sure to backup any work in progress saved on your MatrixBrute by using the "Recall to Computer" button or drag & dropping presets onto a new project!
 - You can then transfer those presets in the MatrixBrute memory by simple drag-and-drops of an individual preset, a row (bank) or the whole project.
