Here are the instructions to use the "Marc Doty Signature" presets for Arturia MatrixBrute.

1   CONTENT OF THE ARCHIVE

- Readme [.pdf]: current text file.
- Marc Doty Signature [.mbprojz]: MatrixBrute project to transfer with the Arturia MIDI Control Center

2   HOW TO USE

2.1   Importing the "Marc Doty Signature" sounds in your MatrixBrute

- MIDI Control Center installation:
  - Download the Arturia MIDI Control Center from this page: https://www.arturia.com/products/matrixbrute/resources
  - Launch the file and follow the different steps to get it installed on your computer
  - Launch the MIDI Control Center

- Transferring the presets:
  - In the product list (top-left corner) select the MatrixBrute
  - Connect your MatrixBrute to your computer
  - In the left part of the Matrix View, click on the "Import" button then "Import New Project"
  - Select the file Marc Doty Signature.mbprojz. This will create a new project named "Marc_Doty_Signature" (vertical list on the left)
  - Select the new project "Marc_Doty_Signature". This will display the related presets in the matrix aside the list.

  - You can then transfer those presets in the MatrixBrute memory by simple drag-and-drops of an individual preset, a row (bank) or the whole project.
