

Matrixperimental Synth

Read Me

Here are the instructions to use the " Matrixperimental Synth" presets for Arturia MatrixBrute.

1 CONTENT OF THE ARCHIVE

- Readme [.pdf]: current text file.
- Matrixperimental Synth [.mbprojz]: MatrixBrute project to transfer with the Arturia MIDI Control Center

2 HOW TO USE

2.1 Importing the "Matrixperimental Synth" sounds in your MatrixBrute

- MIDI Control Center installation:
 - Download the Arturia MIDI Control Center from this page: <https://www.arturia.com/products/matrixbrute/resources>
 - Launch the file and follow the different steps to get it installed on your computer
 - Launch the MIDI Control Center
- Transferring the presets:
 - In the product list (top-left corner) select the MatrixBrute
 - Connect your MatrixBrute to your computer
 - In the left part of the Matrix View, click on the "Import" button then "Import New Project"
 - Select the file Matrixperimental Synth.mbprojz. This will create a new project named "Matrixperimental_Synth" (vertical list on the left)
 - Select the new project "Matrixperimental_Synth". This will display the related presets in the matrix aside the list.
 - You can then transfer those presets in the MatrixBrute memory by simple drag-and-drops of an individual preset, a row (bank) or the whole project.
